Subject: Correction of Notes to Financial Statement Year 2011
To: The President
The Stock Exchange of Thailand

As Minor International Public Company Limited ('the Company') sent Financial Statement Year 2011 through SET Portal on February 21, 2011. There are some typo errors in page 82 Thai version and page 71 English version. The correct unit must be Baht Billion instead of Baht Million.

The Company, hence, would like to correct the information and resubmit the Financial Statement through SET Portal.

For your consideration

Best Regards

(Ms. Trithip Sivakrisjul)
